August 5, 1994 Issue 749

DXpedition News

Antarctica - KC4 Eddie DeYoung VK4EET will be one of the communications officers for the Australian National Antarctic Research Expedition from Davis Base, beginning in mid-October, to March, 1995. He'll operate as **VKØDX**, with QSLs via his new home address: 131 Plantain Rd., Shailer Park, Queensland 4128, Australia. Eddie will take an Icom 751 and Hustler 4BTV vertical, but seeks donations of an amplifier, beam, and rotator to establish a permanent ham station at Davis. He hopes to be assigned to Macquarie Island in the future.

Antigua - V2 Three members of the Western New York DX Association will be active from Antigua Sept. 26-Oct. 7, on 80-10 meters, CW and SSB. Bob **W2KKZ/V2**, Steve **WF2S/V2**, and Dave **KN2M/V2** can be confirmed via home addresses.

The DX Bulletin

America's Premier Weekly Amateur Radio Publication

North Cook Islands - ZK1 Some more information on the **ZK1KH** DXpedition mentioned in Issue 745. Ken Holdom ZL2HU says he'll be on Pukapuka Dec. 17-Jan. 28, with exact dates dependent on flight schedules. He'll be on 3677, 7077, 10137 (SSB!), 14177, 14277, 18137, 21177, 21277, 24937, 28277, 28477, and 28577 kHz, with a Yaesu FT757 feeding two G5RV antennas. QSL direct only, with return postage, to P. O. Box 56099, Tawa, Wellington, New Zealand. He continues to seek donations to help cover the cost of the air freight of the amateur gear. If this operation is successful, he plans a **Kermadec ZL8** operation next year.

Shortly Noted

■ **T31BA** and **T31BB** showed up July 28; length of stay unknown. They've been noted near 3795 kHz at 1030-12Z; 40-meter SSB, listening up, around 06 and 13Z; and near 14195 kHz 22-0400Z. QSL T31BA via DL2ZAD and T31BB via DF6FK. No CW spots noted.

■ The **CY9 St. Paul Island** by NØTG, WA4DAN, and others set for September has been canceled. The two other St. Paul operations this summer and poor band conditions convinced the organizers to put their resources into more productive DXpeditions.

■ **S61** prefixes may be used by Singapore 9V1 stations Aug. 13-Sept. 12, commemorating the 25th anniversary of the Singapore Amateur Radio League.

■ **TM5RAE** is active Aug. 5-13, commemorating the first hot-air balloon flight in 1783. A special QSL card and postmark will be available from Jean-Jacques Roche F6BFI, Les Touts, 07100 Roiffieux, France.

■ **4KØIM** is Dave Bendt KC9IM (ex-TL8IM) in Baku, Azerbaijan. QSL via Howard Barbrey KB9XN.

■ **YN1CC:** José passed away in March. With HT1T LEAVING soon, CW contacts with yn will be scarce.

■ **3V?** Ron AA5DX has been in contact with Tunisian authorities about operating during his ship's visit Aug. 16-20. He has not yet been successful in getting permission.

■ **CG7G** is a Canadian special-event station for the 15th Commonwealth Games, Victoria BC, to Aug. 31. QSL via VE7RCN. (DXPress.)

■ **RTTY: A35CT** is often on 14085 kHz at 0400Z. Spots: **9K2IC** 14081 1520Z; **TU4EI** 14084 1740Z; **3A2LZ** 14088 1525Z; **FK8FI** 14085 0515Z; **9N1AA** 14086 1705Z; **CN8NP** 14089 1750Z; **FR5ZU/T** 14084 1630Z; **ET3YU** 14088 1710Z.

■ **SSB Nets:** Spots: **14226.5** kHz (11,18Z): S92YL H44BC 3D2ER FR5ZU T3ØDW FT5XJ VR6CB HC8JG 5NØMVE FS5PL JW8GV JT1CS DU1SAN BZ5HAN; **14247** (21Z): TA1AR HZ1UN PZ1DZ GDØPLT YS1ELA SV3AGR EA8BYR HC8JG TU4EI.

Islands On The Air

■ **GMØ/KB8RJ** will operate from the Isle of Mull (EU-008) Aug. 8-20. Watch the IOTA frequencies of 14260, 21260, and 28460 kHz, with some possibility of 40-meter operation. Jack may operate from other Scottish islands as time permits, a week before or after. QSL home call.

■ **G3ZAY** plans to operate from Hopewell Island around Aug. 13 and Belcher Island around Aug. 15. Both are in Canada's Hudson Bay, and would be New Ones for IOTA.

■ **K4JRB** is active until Aug. 5 from St. Simons Island, Georgia (NA-058). QSL home address or via the bureau.

Important Notice

Included with this Issue is the 1994 Most Wanted Countries survey form. Please take a few minutes to complete and return the form to us as soon as possible. Your responses will help put the countries that you need on the air in the near future. Thanks for your assistance.

Propagation Watch

Solar activity remains very low, keeping maximum useable frequencies (MUFs) down. The 90-day average solar flux has dropped below 80. While there have been a few reports of 15-meter DX contacts, most have been north-south QSOs. 17 meters remains the highest band open to DX most days.

The good news is that the geomagnetic field has been quiet. This translates into some limited polar- and long-path openings.

The forecast is for more of the same for the next few weeks. Continuing low levels of solar activity will keep MUFs low, probably below 21 MHz on most DX paths. Low solar activity also lowers signal-to-noise ratios, so signals will tend to be weak. A little extra effort digging out weak signals will probably be necessary. Take advantage of the signal enhancement at sunset. Note the sunset time at the DX location, and be prepared for the short period of increased signal strength at that time.

Look for solar flux to rise slightly to 80 or above in the next week, before dropping back after mid-month. Seasonal effects suggest a gradual improvement throughout August.

W9DXCC Convention and Banquet

The 42nd annual W9DXCC convention is Sept. 9-11 at the Rolling Meadows Holiday Inn, northwest of Chicago, IL. In addition to the previously announced program, the convention will include Dr. Vince Thompson K5VT on his **E31A** Eritrea operation, Rev. Paul Bittner WØAIH on his super station, and Steve Dubberstein VS6WO on DXing from the Far East. Registration, including the banquet (with choice of beef or chicken) is $33.50 until Aug. 15 ($38 after Aug. 15). Send check payable to W9DXCC to Gordon Bazsali WB9EEE, 255 Hillcrest Ave., Hampshire IL 60140-9429. The convention includes a hospitality suite Friday night, free shuttle to O'Hare airport, and more.

New Orleans International DX Convention

The discount rooms at the Royal Sonesta Hotel in New Orleans Sept. 2-4 are almost gone. To obtain the convention rate, DXers should reserve their rooms soon, directly with the hotel at 504-586-0300. To register for the convention, call 504-283-4143, or fax 504-524-2129.
